## RUBY NELL SALES

*Theologian, Educator | Veteran of  
the Civil Rights Movement | Activist*

This remarkable two day Deeper Change Forum with Sister Ruby is grounded in the belief that Social Justice is Spiritual Formation.

We will therefore focus on the inner and outer soul as we examine the question - How do we as activists, teachers, healers, and organizers... liberate ourselves from "spiritual malformation" and assure a restoration to a "revolution of values" so that we may ALL be whole?

Ruby Sales is the founder and director of the Spirit House Project. She is one of 50 African Americans highlighted in the new Smithsonian National Museum of African American History and Culture in Washington, D.C.
