**AARON JAFFERIS**

+ special guest community collaborators

### ACTIVATING (BE)LONGING

CEIO is ecstatic to welcome award winning hip-hop poet and playwright Aaron Jafferis and his brilliant cadre of special guest artists, performers, and community builders.

Selected performances from Aaron's 20 years of work will be brought to life by Aaron and a guest ensemble, culminating in excerpts from Aaron and Byron Au Yong's latest work, **(Be)longing**. Aaron will interrogate the wild ways in which intention and effect converge and diverge in the work of building community and social justice through art.

The Deeper Change community will be invited to engage in an afternoon of curated artistic and participatory responses to the central questions and themes in his work.

This forum includes a special talk back with Aaron Jafferis on what it takes to be a transformational artist.

Learn more about Aaron at [www.aaronjafferis.com](http://www.aaronjafferis.com) & [www.triggerbelonging.org](http://www.triggerbelonging.org).

CO-CREATING EFFECTIVE AND INCLUSIVE ORGANIZATIONS/ORGANIZERS

*Deeper Change Forums invite  
fundamental transformation.  
A change that is so deep that a  
return to the previous conditions  
is utterly inconceivable.*
